### **SUBJECT: RECOMMENDATION LETTER FOR MR. ABDIRAHMAN ABDULLAHI**

To whom it may concern,

I have really worked very closely with him for three months during his internship period in our company and he has excelled in his role as a junior web developer, exhibiting one of the highest levels of productivity I have seen in the company.

Abdirahman produces a high volume of work while consistently maintaining high standards for quality and accuracy. He has excellent communication skills and is extremely organized and reliable. He can work independently and is able to follow through to ensure that the job gets done. He is flexible and willing to work on any project that is assigned to him. He is always quick to volunteer to assist in other areas of company operations as well.

The first impression that one forms of Mr. Abdirahman is that, of a person endowed with technical soundness and intelligence to put it to optimum use. It would be right to say that with qualities like dedication and hard work already present in him, he is bound to go places and be a source of inspiration for others.

I therefore, strongly recommend him on his completion of the 3 months internship program in our company. If you have any further questions regarding him, please do not hesitate to get in touch with me.

Sincerely,

Mr. Mohamed Abdi Hassan,

Director, Samaha Technologies.
